## NEFAB LogPak

### *Pallet collar*

***The foldable NEFAB LogPak Pallet Collar has all the advantages of a modern reusable packaging solution.***

The NEFAB LogPak Pallet Collar guarantees economical and safe protection of goods during transport and storage. The stable construction is well tested and endures tough treatment. The system, comprised of the pallet, pallet collar and lid, is flexible and easy to handle.

There are many benefits with the NEFAB LogPak Pallet Collar systems:

- Low investment
- Long life span (10-12 years)
- Minimal transport damages
- Easy to replace damaged parts
- Minimal environmental impact

A wide range of industries, such as automotive, telecom, defence and distribution, use NEFAB LogPak Pallet Collars. All Nefab LogPak products are tested and certified according to the international standard FAO ISPM #15.

LogPak Collars can be stacked

Saves storage space as the collars are collapsible

Collars with six hinges, steel corner lids and load dividers are all options for the NEFAB LogPak Pallet Collar system.
